

Section 3: Withdrawal Code Guidance

3.1 Column Definitions

In the Cohort application, the “WITHDRAWAL REASON” column reflects students’ withdrawal codes. The “STATUS” column indicates whether the department approved (1) or denied (2) the document the district submitted. For more information regarding values included in the file, please reference our [Cohort File Layout](#).

3.2 Documentation Submission and Review

Federal law only allows students to be removed from the cohort if they enroll in another program that awards regular diplomas. The department will deny documentation that does not meet the requirements listed in the table below.

The department updates Cohort application data nightly during Phase I. Districts must correct withdrawal codes or other data in EIS and wait until the correction loads in the Cohort application before uploading documentation.

The table below describes the different withdrawal codes, processes for documentation review, and requirements for supporting documentation.
