

2022 - 2023 TCAP Assessment Schedule Preparation

Please carefully review the first four pages of this document before any TCAP scheduling.

Schedules should be submitted to assessment@cmcss.net and your level director no later than 2/24/23 for review/feedback/approval.
Do not post schedules until you have final approval from your level director and assessment.

Each school may determine their own schedule for testing but must also meet the following requirements:

3 - 5 testing will be paper-based

All paper-based subparts of ELA 3 through ELA 8 must be completed and ready for pick-up on April 20, 2023.

All remaining paper-based subparts for grades 3 to 8 must be completed and ready for pickup on Fri. April 28, 2023

All paper-based subparts must be completed in order

6 - 8 and EOCs will be computer-based

All computer based subparts of ELA 6 to ELA 8, Eng 1, and Eng 2 must be completed no later than April 21, 2023.

All remaining computer-based assessments must be completed no later than Friday May 5, 2023

Any paper-based English 1 and English 2 must be completed and ready for pick up on April, 20, 2023

Any remaining paper-based subparts for EOCs must be completed and ready for pickup on Monday May 1, 2023

Testing times for each subpart are listed below.

The times listed are full testing times but do not include preparing for and collection of tests.

If requested by a parent or student, a test administrator may allow a student additional time as listed on the schedules below.

When preparing schedules ensure to permit additional time for additional time and testing logistics

Additional considerations:

Students completing a computer-based assessment may use a hand-held in conjunction with the calculator imbedded in the test

When students use a hand-held calculator throughout the school year it is best-practice to permit the use of the same calculator on the TCAP.

When preparing schedules you will want to consider the availability of calculators used in math and science classes

Subpart 1 of all math TCAP assessments is non-calculator.

Federal law requires a minimum 95.00% participation rate for all TCAP EOC, MSAA, and ALT assessments.

To count as participated there must be a valid score available for the assessment.

*Note to HS: ACT also requires 95% participation rate based on receiving a college reportable score.

Biology	75 minutes **15 min.			75 minutes (90 min.)

*For additional details see the test Blueprints on our website ([here](#)).

**If requested by a parent or student, a test administrator may allow a student additional 20% (calculated above) of testing time per subpart, to ensure students are able to finish. The original times posted above represent testing time appropriate for 95% of students. TAs may add the additional time listed as requested while adhering to all test security measures and test procedures. <https://publications.tnsosfiles.com/acts/112/pub/pc0978.pdf>

Note: Braille versions of English I and English II contain four subparts rather than three. The following times are the breakdown for Subpart 2-4: Subpart 2 is 50 minutes (questions 5-16); Subpart 3 is 50 minutes (questions 17-34); and Subpart 4 is 50 minutes (questions 35-51).

According to [Public Chapter 978](#) passed by the Tennessee 112th General Assembly, if requested by a parent or student, a test administrator (TA) may allow a student an additional optional time period (calculated above) to ensure students are able to finish the assessments completely. The required times posted above represent testing time appropriate for 95% of students. TAs may add the optional additional time, up to the amount listed in parenthesis, as requested while adhering to all test security measures and test procedures. Additional optional requested time allowed by PC978 does not supersede a Local Education Agency (LEA) or public charter school's obligation to comply with the federal Individuals with Disabilities Education Act (20 U.S.C. § 1400 et seq.), or Section 504 of the Rehabilitation Act (29 U.S.C. § 794). Additional time requested, therefore, **should NOT** take the place of extra time accommodations outlined in a student's individual educational plan (IEP), individual learning plan (ILP), and/or Section 504 plan.
