According to [Public Charter 978](#) passed by Tennessee 112th General Assembly, if requested by a parent or a student, a test administrator (TA) may allow a student an additional optional time period (calculated above) to ensure students are able to finish the assessments completely. The required times posted above represent testing time appropriate for 95% of students. TAs may add the optional additional time, up to the amount listed in parenthesis, as requested while adhering to all the test security measures and test procedures. Additional optional requested time allowed by PC978 does not supersede a Local Education Agency (LEA) or public charter school's obligation to comply with the federal Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act. Additional time requested, therefore, **should not** take the place of extra time accommodations outlined in a student's individual educational plan (IEP), individual learning plan (ILP) and/or Section 504 plan.
